NEW AUGUSTA NURSERY, INC.
New Augusta, Indiana

5000 West 59th Street

BUY FRESHLY DUG PLANTS AT A LOCAL NURSERY AND ENJOY THE DIFFERENCE

RETAIL PRICE LIST

FALL 1950

SPRING 1951

We are growing the most extensive list of perennials in Central Indiana. It is our intention to furnish the trade with heavy, field-grown plants, freshly dug, and handled in such a manner that the plants suffer no more shock than necessary in moving.

We add to our list as we find new plants suitable to this locality and solicit your inquiries on plants not on our list.

We are also specializing in the select ornamentals and are developing a good stock in Euonymus, Cotoneasters, Viburnum, and other plants suitable for the modern ranch type houses.

We make no guarantee on any plants other than that they are true to name and of size claimed, and in no case will we be responsible for any loss other than the purchase price of the plant.

NEW AUGUSTA NURSERY is located on West 59th Street. Drive west on Kessler Boulevard to Guion Road (first road west of Big Four R.R.). Turn north on Guion Road to first road (59th Street) and go west to Nursery.

Prices quoted are net, cash, for first class, field grown plants at the Nursery. For delivery in Indianapolis or vicinity on retail orders add 10% to price.

For the convenience of those clients who have limited time outside business hours, we keep the nursery open on Sundays and evenings from September 1 to December 1 and from March 1 to June 15.

Rhubarb, asparagus, raspberries, blackberries, strawberries, are available for both wholesale and retail after May 10. We will be pleased to quote and to hold material of this type for your Spring needs.

We import each fall, a selected list of the best Holland bulbs obtainable. They are available about Sept. 25. Ask for special list. Tulips, Hyacinth, Crocus, Daffodils, Galanthus, Eranthis and Lillies in variety.

Potted Hybrid Tea Roses will be ready about May 10, 1951.

In addition to the regular list of perennials we have limited quantities of many others. Teucrium chamaedrys, Pachystima canbyi, Hardy English Ivy, both large and small leaf, and other hard to get plants are available in limited quantities.

In the Spring, we pot some 3000 perennials in 5" Cloverset pots of varieties which we have learned will handle well, and these are available to both wholesale and retail trade as long as they last. They are well adapted to planting as late as July 1. They are priced at 10 cents over the regular prices.

Member of American Association of Nurserymen, Indiana Nurserymen's Association,
and Indianapolis Landscape Association.
